- *Econ 191 Topics in Economic Research (Eichengreen; M 2pm – 5pm)
- Econ H195B Senior Honors Thesis Note: this course may be used as an elective.

*This course meets the prerequisite research requirement for the honors program.

In addition, some approved courses from other departments are being offered. Check the economics website for a list of courses that may count towards the major.

Economics majors get priority (over non-economics majors) in upper-division Economics electives during Phase 1 and Phase II only. Any remaining seats will be given to the waitlist during the Adjustment Period. We strongly recommend all Economics majors officially enroll in their economics courses in Phase I to ensure a seat in their classes. If you do not select economics courses in Phase I, you may not be able to add those classes in Phase II or Adjustment Periods.

Registration Limitations:

Phase I (Oct 21-Nov 17, 2019): Up to but not exceeding 13.5 units
Phase II (Nov 19, 2019-Jan 5, 2020): Registration limit is up to but not exceeding 17.5 units
Adjustment period begins January 6, 2020.
